**PROFIT** back in your Business

## About Tomauri

Tomauri Inc has been manufacturing, importing, and distributing wholesale cabling, PC technology and accessories, and full IT solutions for independent retailers, installers, and service professionals for over 20 years. Tomauri provides the products, services and support that businesses need to maximize their profits and succeed.

At our headquarters in Richmond Hill, Ontario, Canada, our team of knowledgeable sales staff is willing and able to assist you in increasing your profit by recommending fast moving, high-margin products from our inventory of over 2,000 items.

Tomauri's diverse product line includes computer accessories, cabling, active & passive networking solutions, pointing devices, gaming accessories, sound systems, and other high-margin retail products

Tomauri offers dealer support through innovative store merchandising tips and industry-leading marketing programs, as well as providing our customers with state-of-the-art logistics. Same-day shipping across Canada ensures quick and efficient delivery of your order, allowing you to successfully meet your commitments to your customer.

Over the past two decades, the computer industry has developed and Tomauri has grown with it. We adapt to the rapidly changing technology through the consistent research of new market trends and industry standards. This research enables us to provide our resellers and service providers with technologically advanced products to help them best serve their own customers.
